

A Wink and A Smile

I remember the days Of just keeping time Of hanging around in sleepy towns, - **shift gaze up & center as if remembering**

Forever - **focal point**

Back roads empty for miles - **lift gaze up & right as if you see those back roads in your mind**

Well you can't have a dream And cut it to fit - **sing to "partner(s)"**

But when I saw you, I knew We go together, like a wink and a smile - **focal point looking into her eyes**

Leave your old jalopy By the railroad track - **both hand wave downward as if leaving something behind**

We'll get a hip, double dip, tip toppy, 2 seat Cadillac - **more excitement here**

So you can rev her up Don't go slow - **slowly "calm down a bit, gaze down & left**

It's only green lights and alright - **focal point**

Let's go - **point thumb over right shoulder**

together with a wink and a smile - **lovingly at focal point**

Now my heart is music Such a simple song - **stall tall, hands at sides**

Singing again, the notes never end - **gaze elevated**

This is where I belong. Just the sound of your voice, the light in your eyes, we're so far away from yesterday. Together, together with a wink and smile (a wink and smile). We go together, like a wink and a smile (We go together, like a wink and a smile) - **focal point, looking into her eyes.**

Yeah! - **Excitement - slow burn to leaning in to focal point at end.**
